

JACKSON COUNTY SENTINEL

VOL. 23. No. 51

GAINESBORO, TENN., THURSDAY, DEC. 8, 1921

\$1.50 A YEAR

TEACHERS MUST KEEP ACCURATE RECORD OF ENROLLMENT.

Last Month's Salary To Be Withheld.

To Supts. and Teachers:

I wish to call special attention to Section 8, Chapter 118, of Acts of 1921, which is as follows:

"Be it further enacted, That all the reports of City Superintendents, of Superintendents or principals of special districts and of the county superintendents on the average daily attendance shall be accompanied by affidavit from said official that the reports are correct; provided, that any school official, teacher, principal, or superintendent making false reports as to average daily attendance shall be guilty of a misdemeanor and subject to fine of not less than fifty dollars and not more than one hundred dollars."

It is very essential that teachers keep absolutely accurate records of the enrollment and attendance in their schools for the entire school term, because, beginning July 1st, 1921, the State school funds will be apportioned to the several counties on the basis of the average daily attendance.

At the close of the school term, the teacher is required to make up abstract, making affidavit as to the correctness of same. This abstract is to be turned over to the county superintendent along with the register, elementary course of study and such other reports as may be required by the county superintendent and county board of education. The same applies to every teacher who registers or whose school is closed before the regular term ends.

The county superintendent must make report to the State Department of Education, based upon the certified reports of the county teachers, and must make affidavit as to the accurateness

of it.

Superintendents and school boards are instructed to withhold the last month's salary of all teachers in their employ until the abstract filed by the teachers have been carefully checked, found correct and filed.

In order to avoid any possible embarrassment later, you should at once call the attention of your teachers to the foregoing.

All teachers' abstracts, registers and other reports to the county superintendent must be kept on file for inspection by the State Department of Education.

Very truly yours,

J. B. Brown,
Superintendent.

SCHOOL CHILDREN ASKED TO HELP FIND HOMES.

Teachers Read This Appeal To Your Pupils.

To the school children of Jackson County.

Last year and the year before we sent letters to your teachers, asking that they tell you about little homeless orphan boys and girls at the Tennessee Children's Home in Nashville, and how much we needed your help in raising money to provide them with good wholesome food for which many of them almost starved before they were sent to us, and warm winter clothing which many of them never had before, and help find them each a good home and a good mother, and father to love and cherish them as your mother and father love and cherish you.

The response to this appeal was wonderful and, through the help from the school children and other friends we have been able, during the last year, to actually find homes for two hundred and thirty little homeless boys and girls and to help many others in various ways.

This year we are going to make our Christmas appeal to you through the newspaper because we feel that in this way a still larger number of people will hear of our needs and will help us to meet them, but we want each of you to feel that this appeal is to you PERSONALLY and we want you to take this up with your class mates, with your Sunday School, with your fathers and mothers and all your friends and to raise all the money you can and to send it to the Tennessee Children's Home Society, 901 Acklen Avenue, Nashville Tennessee.

We want you also to help us find good homes for ten little boys and twelve little girls from two to nine years of age, and for the seventeen little babies from one to ten months of age now in the Receiving Home.

As you, in your own comfortable homes with your own good mothers and fathers plan for the coming of Christmas and Santa Claus, will you not think of these little children who have none of these blessings and help find homes and mothers and fathers for them? And will you not raise ALL THE MONEY you can to help us care for and find homes for all the other homeless little boys and girls who will come to us during all next year.

We are depending upon you and we know you will help all you can, for we are sure you have read that "It is not the will of your Father that one of these little ones should perish."

Your friend,

Mrs. Claude D. Sullivan,
Superintendent.

Dispare is Rampant in Texas New Grease For Fords.

Cisco, Texas Nov. 30th.

To the Editor:

Health is very good in this city as far as I can learn.

Farmers are complaining of dry weather on their wheat.

Prohibitionists are howling about everything being so dry—

especially their stomachs.

Phrenologists, who have been reading Slicker Snake's articles on his trouble with prisoners and allowing himself to become vexed, think they can give him aid if he will get in touch with them. I hardly think they would do it, either by reducing his rank or getting him married, the latter perhaps would help.

Several of the former rich men of this section of the country are suffering injuries sustained from driving their money, from 2,700 to 3,500 feet into the ground and getting dry holes. They are broke both ways, financially, and from dealing in wild-cat oil fields. Everybody hates to see this, because, it is thought that they go hand-in-hand with the lawyer when the time comes for him to lie still.

Overhearing a display of salesmanship, A. M. Pate said to one of his Ford car customers, "I am still selling oil, but I have a differential grease that you can put in the rear end of your Henry and note good results in less than 24 hours, because it stays in and eliminates a noise you most always hear back there."

Ask I. B. Pate, he knows the grease, and A. M. does to. If his statement is true, there will be a greater demand for it some day than there is for Tanlac at present.

Yours very truly,
H. T.

W. M. DARPER SELLS INTEREST IN MERCANTILE BUSINESS.

Big Clearance Sale Now In Progress.

W. M. Draper has sold his interest in the department store of Draper & Draper Co., to the other members of the firm, J. M. and J. W. Draper and Ridley Draper, who will continue to run the business under the same firm name. Mr. Draper has been engaged in business here for a number of years and is one of the county's substantial citizens. He owns a large farm in Freestate, 3 miles northwest of here and will probably move to it the first of the year.

The above mentioned firm, in order to move as much of their stock as possible before taking inventory, is now offering their entire stock of merchandise at astonishing low prices, and all will profit who buy now. The big sale closes the 16th, so you still have a chance at it.

Smith's Chapel School.

For making excellent grades in the monthly test Dec. 2nd, the following pupils deserves mention.
